Oppose Proposals to Split the Ninth Circuit

Dear Representative:

On behalf of our millions of members, we urge you to oppose H.R. 4093, the "Federal Judgeship and Administrative Efficiency Act of 2005, and other proposals to split the U. S. Ninth Circuit Court of Appeals into separate appellate courts.

Anti-environmental and other special interests have long desired to increase their ability to "judge-shop" by dividing the Ninth Circuit Court of Appeals into a number of smaller courts of appeals. By "dividing and conquering" the Ninth Circuit, polluters hope to change the pool of judges who will decide their cases. The result would be less consistency in the law, resulting in more exploitation and mismanagement of natural resources in the Pacific Ocean and numerous special places in the western states.

Pete Wilson, as a Republican U.S. Senator from California (who later served two-terms as Governor), condemned previous efforts to split the Ninth Circuit, calling them attempts at "environmental gerrymandering" by those who had been angered by rulings upholding and enforcing environmental laws. Bi-partisan opposition to the current efforts to split the Ninth Circuit includes Mary Schroeder, the current Chief Judge; Senior Judge Clifford Wallace, a former Chief Judge who was nominated by a Republican President; Alex Kozinski, a conservative judge who was appointed to the Ninth Circuit in 1985 by President Ronald Reagan, and who maintains his chambers in California; and the vast majority of other Ninth Circuit judges. Other opponents of splitting the Ninth Circuit include California Governor Arnold Schwarzenegger, Arizona Governor Janet Napolitano, then-Washington Governor Gary Locke, the American Bar Association, the Federal Bar Association, the State Bar of Arizona, the State Bar of Montana, Washington State Bar, and the Hawaii State Bar Association, as well as numerous local bar associations, prominent jurists and legal advocates.

Splitting the Ninth Circuit would not only be bad for the environment, it would be fiscally irresponsible as well. The current proposal would only exacerbate the federal judiciary's virtually unprecedented fiscal crisis, which has led to suspension of new court construction and layoffs of court employees.

Please oppose ill-considered efforts to divide the Ninth Circuit.

Sincerely,

Nan Aron
