## **Environmental groups oppose Alito**

By Steve Davies

**Earthjustice**, Sierra Club, Friends of the Earth, Greenpeace and the National Environmental Trust are opposing the nomination of Circuit Judge Samuel Alito to the Supreme Court.

"Alito's views indicate that he would support Commerce Clause challenges by polluters and developers to public health and environmental laws that Americans have relied upon for decades, including the Clean Water Act, the Clean Air Act the Endangered Species Act, and the Safe Drinking Water Act."
